dtox Plus

Feed additive to control multiple mycotoxins.

Ingredients:

Bentonite	25%
HASCAS	25%
Clinoptilolite	25%
Sepiolite	25%

Indications:

dtox Plus used to manage the effects of toxins, particularly mycotoxins, in animal feed, aiming to protect animal health and improve performance.

dtox Plus work by binding to toxins in the digestive tract, reducing their bioavailability and preventing them from being absorbed into the bloodstream.

Dose Rate:

Poultry, Ruminant and Aqua Feed: 0.5 - 2Kg/MT
Dairy and beef cow: 10-30g/Animal/day
Goat and Sheep: 3-5g/Animal/day

Storage:

Store in a clean and dry place, away from direct sunlight.

Advantages:

- Binds multiple toxins present in the feed.
- Improve performance of vital organs.
- Enhance feed intake
- Improve the immunity.
- Better FCR
- Lower medication cost
- Improve gut health

Pack Size:

25 Kg.

Expiry Date: 36 Months from production.
